

Dead of Night

Character Sheets/Tokens

Contents:

-  **1 Title/info**
-  **2 Character Sheets**
-  **3 Player & Zombie tokens**

Print out page 2 as many times as you need to. The page contains 4 Character Sheets. These character sheets are for the players to record information during the game.

Page 3 contains Player tokens which may be used to mark each player's position on the board. To be honest you probably have tokens or miniatures from another game which you could use instead. It also contains zombie markers, although I would likewise recommend, if you have them, plastic zombies from another game.
